

# Latest Update from the USA

Date: 17<sup>th</sup> January 2023

On January 11, 2023 the FAA issued a Notice of Proposed Rulemaking (NPRM) on a new [Airworthiness Directive \(AD\) on 5G retrofits](#)

Comments are invited on the draft NPRM on or before February 10<sup>th</sup>, 2023. See the NPRM for details.

The FAA is planning to engage with foreign regulators to determine how to extend the retrofit requirement to foreign carriers.
