

Traveling with electronic devices?

Here's three steps to help you fly safely:

1

It is best to pack lithium-powered devices and accessories into your carry-on bag.

2

Electronic cigarettes, power banks and spare batteries **MUST** be kept in your carry-on bag.

ELECTRONIC CIGARETTES

POWER BANKS

SPARE BATTERIES

3

If you must pack your tablet, mobile or laptop in your checked luggage, be sure they are **completely turned off** (not in “hibernate” or “sleep” modes).

If in doubt, contact your airline.
